

BASIC VIEWING INSTRUCTIONS

For Windows users

Windows Media Player must be installed.

Most browsers seem to work except for Chrome.

It helps to pre-install Silverlight software from Microsoft to access the Windows Media stream.

<http://www.microsoft.com/getsilverlight/Get-Started/Install/Default.aspx>

Select the Windows Media link on the browser interface.

Mac OS X users

To access the Windows Media stream pre-install the Mac OS X Silverlight software from Microsoft.

<http://www.microsoft.com/getsilverlight/Get-Started/Install/Default.aspx>

Select the Windows Media link on the browser interface.

Most browsers seem to work except for Chrome.
